TAA Compliant Solutions

Overview

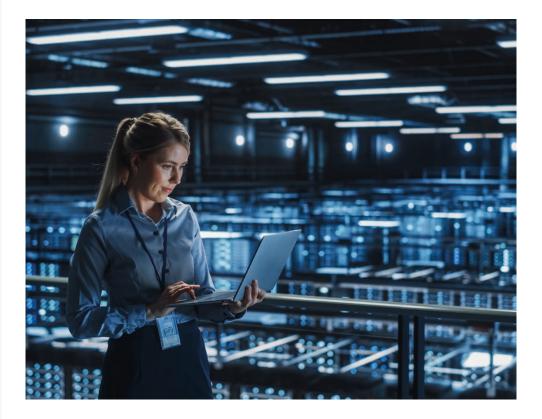

Vertiv offers a comprehensive list of trade compliant products to ensure a smooth selection, procurement and deployment process for contractors and partners serving the federal, state and local governments.

Trade Agreement Act (TAA) per Federal Acquisition Regulation 52.225–5

Buy American Act (BAA) per 41 USC §§10a-10d and FAR Part 25, FAR § 52.225-1 and DFARS § 252.225-7001

If required Vertiv has a suite of products that comply with The Buy America Act per 49 U.S.C. § 5323(j) and 49 C.F.R. § 661.5(a) (FTA requirements). Today, critical technologies can be located anywhere; in an office, IT network closet, lab and data center. Government services depend on the continuity of these vital systems that offer power, cooling, control and management capabilities.

Vertiv has a comprehensive portfolio of solutions, ready to be procured and deployed to help you meet your agency's Data Center Optimization Initiative (DCOI) and modernization needs.

If you are looking for specific data center equipment that must be TAA-Compliant, or you have a TAA quota to meet, Vertiv can support you with our TAA-compliant critical infrastructure solutions.

Vertiv[™] rack systems and integrated solutions can provide complete protection for your equipment while streamlining deployment. They are designed to meet flexibility, ease installation and delivery requirements. We have different rack systems to serve your mission critical needs even high-density environments.
