VERTIV[™] BBE BD SERIES

NSFBD Fiber Distribution Kit

KEY FEATURES

- Two-sided, closed architecture design.
- Conveniently stores fiber slack and spliced drops in separate compartments.
- Holds up to 5 splice trays per side.
- Accommodates 15 feet of slack cable (144-fiber loose tube).
- Central Strength Member (CSM) clamps provide strain relief for fiber cable.
- Includes a radius limiting spool to protect fiber from bending damage.
- Easily installs within any UPCBD4 or UPCBD5 pedestal.

This closed architecture kit instantly converts any standard UPCBD4/5 pedestal into a fiber distribution pedestal.

Description

The Vertiv[™] BBE BD Series Fiber Distribution Kit easily mounts inside any standard UPCBD4 or UPCBD5 pedestal, converting it into a fiber distribution pedestal. The two-sided closed architecture configuration provides optimum environmental protection for fiber equipment against debris, insect and rodents. In addition, there is ample space for fiber slack storage and spliced drops in the two enclosed compartments.

Knockouts on the rear of the UPCBD pedestal are used to mount the kit. This minimizes the need to stock multiple pedestals, since the same pedestal style can be used for fiber or copper applications.

Application

Designed for use in most FTTH applications, the Vertiv BBE BD Series Fiber Distribution Kit converts any standard UPCBD pedestal into a closed architecture, environmentally protected fiber distribution pedestal.

Kit Shown Installed with Cover On (UPCBD4 pedestal sold separately)

Feeder and Drop Sides Shown Installed with Cover Off (UPCBD5 pedestal sold separately)

Technical Specifications

| CLOSURE | |
|-------------|-------------------------------|
| Dimensions | 21" x 7.5" x 5.6" (H x W x D) |
| Weight | 15 lbs. |
| CABLE PORTS | |

| Feeder Side | (4) ports up to 0.90" OD cable | |
|-------------|-------------------------------------|--|
| Drop Side | (6) dual ports up to 0.56" OD cable | |

| STORAGE | |
|--------------|--|
| Splice Trays | Holds (5) splice trays up to 5" wide and 10.5" tall, per side (maximum stack height of 2.5 inches) |
| Fiber Slack | 15.5 feet of 144-fiber loose tube |

Ordering Information

| CATALOG NUMBER | PART NUMBER | DESCRIPTION |
|----------------|-------------|---|
| NSFBDSCSCX | F1010627 | Fiber distribution kit without splice tray |
| NSFBDSCSC1 | F1010628 | Fiber distribution kit with (1) splice tray |

| UPCBD Pedestals | | |
|-----------------|---------|-----------------------------------|
| UPCBD4 | F604880 | 8-inch gray-green metal pedestal |
| UPCBD5 | F604900 | 10-inch gray-green metal pedestal |

| Accessories | | |
|-------------|----------|--|
| NSST2448E | F1010586 | Fiber splice tray; 24 single fusion or 4 mass fusion |
| MS1332 | F602132 | 32-inch metal mounting stake |
| MS1342 | F604080 | 42-inch metal mounting stake |
