

CORPORATE FACT SHEET

Empowering Vital Applications For a Digital World

WHO WE ARE

Vertiv designs, builds and services critical infrastructure that enables vital applications for data centers, communication networks and commercial and industrial facilities. We support today's growing mobile and cloud computing markets with a portfolio of power, thermal and infrastructure management solutions.

We offer unsurpassed global scale and broad expertise, built from our heritage as Emerson Network Power. And now as Vertiv, we match industry leadership with the focus and spirit of a startup.
